

TRANSPORTATION CLEANER

Heavy Duty Cleaner & Degreaser

It is important that busses, ambulances, taxis, and other service vehicles are washed regularly and efficiently. Transportation Cleaner can be used in pressure washers, automatic systems, steam cleaners, or in mop and bucket applications to keep your fleet clean. This liquid has built in water conditioning agents that promote a streak free rinse on windows and mirrors, extremely important when people are the main cargo.

Target Applications:

- Road film, grease, oil, dirt, mud
- Trucks, buses, trailers, RV's, cars
- Pressure washers, touchless washes, steam cleaners, self-service, and brush-on applications

Use directions:

- Use 2 ½ ounces per gallon of water.
- Meter, spray, brush or foam onto vehicle.
- Agitate if needed.
- Thoroughly rinse with water.

Key Features = Key Benefits

Special wetting agents	=	Improved soil penetration
Water conditioner package	=	Streak free rinsing
Non-solvent	=	Clean air
Detergent package	=	Effective in hot or cold water
Biodegradable	=	Environmentally friendly
Suspension agents	=	Anti-redeposition of soil
Emulsifiers	=	Grease releases from surface
Moderate to high foam	=	Improved surface cling

Product Specifications

pH undiluted	=	12.5 – 12.9
pH (3% solution)	=	11.3 – 11.8
Appearance	=	Green liquid
Odor	=	Slight
Pounds per gallon	=	8.77 – 8.80
VOC%	=	0.00%
Flash point	=	Greater than 200°F
Phosphate (as P)	=	0.00%
Biodegradable	=	Yes

Note: Protective gloves and glasses must be worn.
Read MSDS for further precautions and first aid.
