

## Product Description

Hartland Windshield Wash Concentrate is ideal for higher volume shops. Dyed blue for easy identification. When mixed with water, Hartland Windshield Wash Concentrate will clean:

- Bugs
- Tree sap
- Baked on dirt
- Road grit and grime
- Bird droppings
- Will not freeze on windshield
- De-ices light ice and frost
- Road salt

For bulk systems, **Hartland Windshield Wash Concentrate** is convenient and economical to use. Can be used to boost a winter formula.

- Easy to custom blend
- Lower costs
- Reduce Inventory

### APPLICATION

Mix with water in a large tank, tote or reservoir and agitate thoroughly. Agitate periodically to prevent separation of water and concentrate. Test fluid for temperature limits, especially in the fall and winter.

### SAFETY

Use precautions when handling. Use only for intended application.

**Read MSDS Before Use**

**Available in 55 Gallon Drums**
