

HEAVY DUTY POWDERED FLOOR CLEANER

Powdered Floor Cleaner

The orange powder that turns lime green when dispersed and sprayed with water has been around forever. It does exactly that and takes a back seat to no one when it comes to cleaning oil and grease out of the pores in a concrete floor. It works extremely well on other surfaces as well.

Target Applications:

- Grease, oil, dirt, and black tire marks
- Concrete floors
- Warehouse and garage floors
- Brick / quarry tile floors

Use directions:

- Sprinkle directly onto wet floor
- Agitate with broom
- Flush off with water
- Squeegee dry

Key Features = Key Benefits

Special wetting agents	=	Improve grease penetration
Powdered product	=	Economical
Pine Oil	=	Oil penetration
Water conditioners	=	Less residue left
Biodegradable	=	Environmentally friendly
Low VOC	=	Improves compliance
Emulsifiers	=	Grease releases from surface
Low foam	=	Easy rinse

Product Specifications

pH undiluted	=	NA
pH (1% solution)	=	11.5 – 11.9
Appearance	=	Orange powder
Odor	=	Pine
Pounds per gallon	=	NA
VOC%	=	Less than 1.00
Flash point	=	NA
Phosphates	=	Less than 2.5%
Biodegradable	=	Yes

Note: Protective gloves and glasses must be worn.
Read MSDS for further precautions and first aid.
