

POWER CLEAN

Citric/Solvent Based Degreaser

Versatility of applications is the highlight of this citrus based premium cleaner. It is designed to remove dirt, oil, grease, rubber tire marks and scuffs from floors, walls, parts, engines and equipment. Power Clean also dissolves tar, asphalt, tree sap, adhesives, ink and paint. It works very well in all mechanized floor scrubbing equipment, as well as pressure washers, dip tanks and manual mop and bucket applications. It is extremely effective on petroleum based soils.

Target Applications:

- Floors, walls, heavy equipment, machinery, tools, metals.
- Scrubbing machines, pressure washers, dip tanks, mop and bucket, spray and wipe

Use directions:

- Use 4 to 6 ounces per gallon of water.
- Apply solution.
- Agitate if needed.
- Rinse or wipe surface.
- May damage some plastic or painted surfaces – always pretest on an inconspicuous area before general use.

Key Features = Key Benefits

Special wetting agents	=	Improved soil penetration
No chlorinated solvents	=	Environmentally responsible
No petroleum distillates	=	Environmentally responsible
Light orange odor	=	Pleasant / not over-powering
Biodegradable	=	Environmentally responsible
No phosphates	=	Environmentally responsible
Emulsifiers	=	Grease releases from surface
Low foam	=	Easy rinsing / no foam overflow

Product Specifications

pH undiluted	=	9.5 – 10.5
pH (3% solution)	=	9.0 – 9.5
Appearance	=	Blue liquid
Odor	=	Orange
Pounds per gallon	=	8.45 – 8.55
VOC%	=	<12
Flash point	=	> 141°F
Phosphate (as P)	=	0.00
Biodegradable	=	Yes

Note: Protective gloves and glasses must be worn.
Read MSDS for further precautions and first aid.
