

READY-MIX REMOVER -CONCENTRATE

Acid based cement remover

Powerful acid based cleaner formulated to clean cement trucks, chutes, and equipment. Dissolves cement, concrete, mortar, hard water scale, and rust. Moderate foam improves penetration and cling time. Not for use on aluminum, soft metals, and galvanized surfaces. Do not use on highly polished metal surfaces – irreversible damage may occur.

Target Applications:

- Concrete trucks, chutes, equipment, machinery, forms, shovels, cement mixers
- Paving contractors, cement manufacturers, concrete hauling companies, brick masons, maintenance companies

Use directions:

- 50:50 with water or as desired
- Brush product onto areas to be cleaned
- Wait 2 minutes, agitate, and rinse thoroughly with water.
- To neutralize surface, wash with alkaline truck wash product, and rinse.

Key Features = Key Benefits

Special wetting agents	=	Improved penetration
Concentrated	=	Fast acting
Foaming	=	Cling & surface coverage
Foaming	=	Reduces fumes
No NPE	=	Environmentally friendly
Easy rinsing	=	Saves time

Product Specifications

pH undiluted	=	0.0 – 1.0
pH (3% solution)	=	1.5 – 2.5
Appearance	=	Clear liquid
Odor	=	Pungent
Pounds per gallon	=	9.2 – 9.3
VOC%	=	0.00
Flash point	=	Not flammable
Phosphate (as P)	=	0.00
Biodegradable	=	No

Note: Protective gloves and glasses must be worn.
